## WHAT'S NEXT?

### **CCPN 2010-12 Operating Plan**

The 2009-10 operating year marks the end of the first phase of the Champlain CVD Prevention Strategy. A renewal process was undertaken to establish key activities for the next two years.

As was identified at the outset, the strategy will remain focused on the implementation of large-scale initiatives which model best practice in CVD prevention and demonstrate impact on the cardiovascular health of Champlain residents.

The 2010-12 Operating Plan will focus on:

- Strengthening integration between primary care, specialty care & public health;
- Expanding on the Ottawa Model for Smoking Cessation;
- Excellence in disease management in hospitals (Get with the Guidelines Initiative);
- Supporting the Champlain Sodium Reduction Campaign;
- Supporting the Healthy School-aged Children Initiative; and,
- Sustaining the CVD Surveillance Program (Champlain Atlas).

## NETWORK NEWS

### **CCPN 2009-10 Annual Report Now Available!**

The CCPN is pleased to present its 2009-10 Annual Report. The Network's vision of creating a system of excellence in cardiovascular disease prevention in the Champlain region has been significantly advanced through the accomplishments of its six CCPN priority initiatives.

The 2009-10 operating year saw continued investment in upstream prevention activities, and in ensuring the delivery of evidence-based care in both the hospital and primary care settings.

The CCPN's accomplishments to date are a reflection of the unique partnership which has been developed in the Champlain region. Sincere thanks are extended to all those who have been involved.
